

SIGNIFICANT LIGHTING | ICONIC PROJECTS | BETTER BUSINESS

When your projects get ambitious don't think ordinary

The lighting we provide means you can present installations that deliver experiences your customers – and their users – haven't seen before. Whether subtle or in your face, this enables you to set new standards for visual impact, end-user satisfaction and low cost of ownership throughout high-profile spaces.

Coin tilt data sheet

Coin tilt is a minimalistic adjustable recessed downlight. With its small diameter and low built-in height this is a very compact and high efficiency luminaire, which suitable for built-in under cabins or where there is no space.

The Coin is a low voltage recessed downlight and the structure is based on aluminium, which gives the Coin a very good passive dissipation, which provide a very long lifespan. The patented adjustment system allows Coin tilt to rotate 355° and tilted 25°. With its high efficiency optic, recessed into the luminaires, the Coin provide a high level of visual comfort and low glare.

As an add on, Coin also offer a surface mounting option, through the surface ring.
