

SIGNIFICANT LIGHTING | ICONIC PROJECTS | BETTER BUSINESS

When your projects get ambitious don't think ordinary

The lighting we provide means you can present installations that deliver experiences your customers – and their users – haven't seen before. Whether subtle or in your face, this enables you to set new standards for visual impact, end-user satisfaction and low cost of ownership throughout high-profile spaces.

PRODUCT DATASHEET

HOVER Table Lamp 85mm

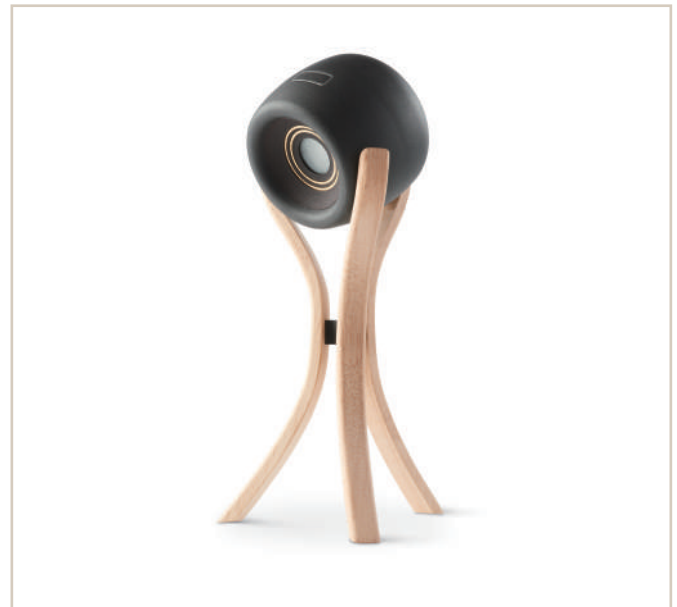

HO-T2

Surfaces and shapes you want to touch

This range of distinctive bulbous shapes all feature subtly textured metal surfaces, inviting to all the senses. In the Hover range, the fundamental idea of the cylinder has become gentler, rounded off and more tactile – attractive and inviting in every possible way.

Hover designs are available as pendants and wall lights, table lamps and ceiling lights, all featuring the same organic, rounded-off shape and distinctive surface texture. The core shape continues throughout the range, providing instantly recognisable visual design coherence and consistency. The pivot point is deep within the casing, as is the LED light source – for eye-pleasing balance, symmetry, and non-glare lightfalls.

Hover table is a battery table lamp, which is hovering nightly on top of the three-legged oak holder. The lamp is exceptionally easy to operate. With a finger touch, you can turn it on or off, yes even dim it to your liking.
