

SIGNIFICANT LIGHTING | ICONIC PROJECTS | BETTER BUSINESS

When your projects get ambitious don't think ordinary

The lighting we provide means you can present installations that deliver experiences your customers – and their users – haven't seen before. Whether subtle or in your face, this enables you to set new standards for visual impact, end-user satisfaction and low cost of ownership throughout high-profile spaces.

Hybrid Dark Light

Hybrid profile offer a highly flexible 230v system for an almost tool-free installation. With a width range of Lumineers and accessories, this system offers a numerous applications option, combinations and solutions, even also for a corridor function. The Hybrid dark light is based on aluminium and thermoplastic. The aluminium gives the luminaire a very good passive dissipation, which provide a very long lifespan. Integrated in the thermoplastic adapter, there is Wieland connectors for easy connection and a Dali driver, which offer a full control and dimmable function. With high efficiency reflectors, which is position deep in the luminaire, the Hybrid dark light provide a high level of visual
